## unable to launch jaxtr

Posted by mightymaha - 2009/12/16 11:50

---

sir or madam,

i have installed jaxtr in my site, but i am unable to use it properly. i am unable to receive sms or free call.so help to sort out the problem. i want to receive sms who are interested in my site and free calls. waiting for your kind reply.

once you have registered on Jaxtr website to get your Jaxtr ID, you need to set your ID for this module at Joomla admin page.
